

September 1, 2016

Greetings INFR Stock Contractors,

Thank you for providing stock to this year's INFR Tour and Region Rodeos. I realize that this is at times a thankless job and far from being profitable, but many of you continue forward because of our love for the sport. Featuring high quality Native American Stock at the INFR in Las Vegas has been a longtime goal of mine. With the continued support of the INFR Commissioners we are able to achieve the goal of many Native American Stock Contractors; to have their stock featured at the INFR.

This being said, we need to step up the quality of stock every year. I welcome your nominations but ask you to be mindful when nominating, only nominate short round animals. Please keep in mind I select 50 animals per event. I will be requesting video for animals I haven't seen and need to verify.

I will accept nominations through September 10, 2016. I will provide a final stock list September 22, 2016.

If at all possible email or text your stock list, those that need to can call me.

Please feel free to contact me with any questions or concerns at 406-529-6243. I work during the day, if I do not answer leave a message and I will call you as soon as I can.

Thank you in advance for all your help and support,

Sincerely,

Chancy C. Kittson  
Livestock Superintendent  
Indian National Finals Rodeo
