

**WYOMING LIVESTOCK BOARD
CHAPTER 8
IMPORT RULES**

Section 7. General import requirements.

(a) All Animals imported into Wyoming shall be accompanied by a paper or digital Interstate Certificate of Veterinary Inspection, and an Import Permit or Shipping Number when required, issued in compliance with these Rules and all applicable state and federal Animal health regulations,

Section 8. Interstate Certificates of Veterinary Inspections (ICVI) & Permits.

(a) ICVIs shall only be valid if properly issued by an Accredited Veterinarian or USDA/APHIS/VS veterinarian.

(b) ICVIs shall only be issued after a visual examination of all Animals intended for importation into Wyoming has been completed and all other requirements for identification, testing, treatment, vaccinations, and declarations are met.

(c) ICVIs are valid for thirty (30) days following proper examination of the Animal(s), unless otherwise specified by these Rules or by order of the Wyoming State Veterinarian.

Section 18. Requirements for the importation of Horses.

(a) An ICVI is required on all Horses entering Wyoming, unless excepted in Section 7(a)(i), (ii), (iii) or (iv).

(b) A negative Equine Infectious Anemia test performed within twelve (12) months prior to importation is required, except for foals six (6) months of age and less, accompanying and not yet weaned from their birth mothers.

Note: Wyoming is a Brand Inspection State, be prepared to meet all Inspection requirements.

Bulls/steers/calves TB tests

(iii) Bison or Cattle, including Rodeo Cattle, originating from a foreign nation or an area within a foreign nation recognized by USDA/APHIS/VS as Modified accredited or Accreditation preparatory shall have a history of two (2) negative Tuberculosis tests performed within the previous nine (9) months. The second of these tests must be within ninety (90) days prior to importation. The Wyoming State Veterinarian has the discretion to allow such cattle to be

imported under Quarantine and subjected to the second test. A complete history of prior Tuberculosis testing, including the date, location, and testing veterinarian's name, must be provided on the ICVI. These Animals are required to have a country of origin official tag which must not be removed for the life of the Animal. (A) If the second negative test was performed outside of Wyoming in an Accredited-free area or state in the United States, and the date, location, and testing veterinarian's name is provided on the ICVI with a copy of the Tuberculosis test chart for review by the State Veterinarian, then no further testing may be required at the discretion of the Wyoming State Veterinarian. (iv) All U.S.-origin Rodeo Cattle shall have a negative Tuberculosis test within twelve (12) months prior to importation, in addition to other applicable Tuberculosis testing requirements. Rodeo Cattle less than two months of age with Official Individual Identification entering Wyoming for Recreational Purposes and then leaving Wyoming directly from the event 8-12 may have testing requirements waived or modified with the prior written approval of the Wyoming State Veterinarian.
